It Shows Many Freight Rate Concessions Granted by Railroads. [Special to The Times-Dispatch.]

Raleigh, N. C., August 5.—Late this afternoon the Corporation Commission presented to Governor Craig the propo sition of the railroad companies for freight rate reductions to settle the fight of shippers against discrimina-tions. The Governor probably will call into conference at some later date the legislative commission on freight rates and officers of the Just Freight Rates Association for their judgment. The commission explains that it does not make recommendations as to the proposition because it prefers to awai conferences with other State authorities and have whatever course is take as harmonious as possible.

In the railroad proposition the greatest reductions are in Western rates

The commission demanded of the rail-roads a 24 per cent average reduction and the railroads granted 20 per cent. Notable reductions in the proposal are grain, 28 per cent; flour, 29 per cent; grain, less than car, 22 per cent; flour in barrels, 8 cents a barrel; agricultural implements in less than carloads. 19 per cent, where 25 per cent was asked by the commission. These reductions amount to \$24 a car on flour; \$12 a car on hay; grain and grain products, except flour, \$20 a car; canned goods, \$21.60 a car; fresh meats, \$12 a car, wire fencing, \$12 a car, wire fencing, \$12 a car. a car; wire fencing, \$12 a car.
The reductions apply in the same
proportions to the various zones. Re-
